Through the Validation Contracts, the PUZZLE project seeks use cases from IT-based or non IT-based SMEs&MEs and start-ups not only in the areas of Healthcare, FinTech, Manufacturing, Agrifood, E-Government, but also in Retails, Construction, Farming, Education, Logistics to encourage their cybersecurity awareness.

Cybersecurity is a complex and fast-evolving field, security professionals and experts working for SMEs & MEs need constant learning. H2020 PUZZLE project's novel approach of providing cybersecurity services through a marketplace, easy to adopt and deploy within SMEs&MEs network and computational infrastructure, leads to a bigger picture of improved readiness and

Who is the PUZZLE call for?

Through this Validation Contracts Call, the interested parties are invited to present their idea on how the PUZZLE Marketplace could complement the development activities of a product/service they are already providing to their customers, detailing the PUZZLE components and services utilized, to prove the applicability, usability, effectiveness and value of the PUZZLE concepts, models and mechanisms under real-life conditions.
